

Dear Patients,

After more than 40 years in practice, it is with deep gratitude that I share I will be retiring **effective August 1, 2026**. This was not a decision I made lightly. After thoughtful consideration, I feel the time is right to step into the next chapter of my life: one that allows me to spend more meaningful time with my wife, Eileen, our children, and our grandchildren.

The trust you have placed in me, often during very personal, raw, and transformative moments, has never been taken for granted. It has been an honor to be part of your journey, and I am sincerely grateful for the relationships we have built over the years.

As I step away from practice, please know that your continued care has been my highest priority. I have been thoughtful in selecting my replacement, and I am proud to share that **Dr. Christopher Surek will assume ownership** of Quinn Plastic Surgery & Aesthetic Center. Beginning August 1, 2026, patients can continue to reach the practice and Dr. Surek at our current phone number, 913-492-3443

Dr. Surek is an exceptional plastic surgeon whose reputation, training, and experience speak for themselves. He completed medical school and plastic surgery residency training here in Kansas City, followed by advanced fellowship training in cosmetic surgery of the face, breast, and body at the Cleveland Clinic—consistently ranked among the top hospitals in the nation. He has been in practice for eight years and is board-certified by the American Board of Plastic Surgery and is a Fellow of the American College of Surgeons. His skill, integrity, and commitment to his patients make him exceptionally well-suited to continue serving both my current and past patients.

I have full confidence that you will be in excellent hands under his expertise and the continued support of our dedicated team. If you have recently undergone surgery with me, I want to reassure you that I will continue to personally oversee your initial follow-up care.

If you are a patient at Quinn Aesthetic Center, your care and providers will remain unchanged.

While I will miss the day-to-day connections with my patients and staff, I leave this practice with immense pride and peace of mind knowing it will continue to thrive.

Thank you for allowing me to be a part of your lives and for trusting me as your surgeon over the years. It has truly been the honor of a lifetime.

With sincere appreciation,

John Michael Quinn, MD
